

Complete Christ-Centered Recovery Program

Reaching Out To A Hurting World

Welcome to Recovery In Christ Ministries' DVD Series and Workbook on ***Reaching Out To A Hurting World***.

We believe that the Lord inspired this program which supports a Christ-centered approach to life, recovery, healing and spiritual growth. Simply stated, the program is designed to help people in recovery and provide for easy organizing and facilitating of support groups.

Inspired by the Lord

The people, who were interviewed for these DVDs, come from various backgrounds. Some are pastors, ministers, doctors, counselors, recovery professionals and recovery leaders. All participants have been through the recovery process themselves for a substantial period of time and have a successful program of recovery. The advice they give is extremely valuable.

Every presenter in this DVD series is a committed Christian who has learned how to walk in victory over life-controlling problems. These are people who are dedicated to reaching out to those who are hurting and in need.

Before each interview, we prayed in Earnest for Lord 's wisdom and guidance

Before each interview, we prayed in earnest, asking the Lord for His wisdom and guidance. We truly believe the Lord birthed and directed this project. Therefore, it has eternal significance and a life changing message to those who are open to God's solution to their problems.

We are an non-profit interdenominational ministry. We do not compete with any other program or organization. We are simply a part of the body of Christ, doing our part.

Program A Success

Recovery In Christ Ministries was formed over twenty years ago by a group of Christians who were committed to a Christ-centered approach to recovery.

This program is being used successfully in churches, rehab programs and small groups around the country. It works because we take recovery back to its original form of helping people into a right relationship with the Lord. It works because Jesus Christ is still in the business of healing and transforming lives.

Living a Surrendered Life

"True restoration is about living a surrendered life. Instead of being in control of our own lives and carrying out our own plan, we allow Jesus to be in control and carry out His plan."
