

Printing & Copy Instructions

We have included digital copies of recovery documents on this Thumb Drive. The documents are copyrighted. However, ***you are hereby given permission to print and make copies of these documents for yourself or for members of your group on a non-profit basis***. Please give Recovery in Christ Ministries credit when using these materials.

The documents are intended to help in your recovery and assist in facilitating Christ-centered support group meetings.

You may find it helpful to make copies of the individual pages of the recovery workbook **Reaching Out to a Hurting World** and use them for group discussion or for one on one sponsoring.

When printing the entire workbook for members of your group, please maintain the print quality and overall look. Stores like Office Depot and Staples have Blue Parchment Card stock which is acceptable to use for the front and back cover. Most quick print shop machines can automatically place two staples one the left side for binding. Interior pages can be printed double sided for economy.

We have sent a two-page article on **Surrender** which has proven very helpful for those getting started in recovery. We have also sent a document on **How to Organize and Facilitate a Christ-Centered Support Group**.

We also recommend that you print and laminate a copy of the meeting handouts found on pages 5, 6, 7, & 8 of the Workbook.

Use of our Logo and Ministry name is permissible when listing your meeting in your church bulletin and/or church websites. We request that when doing so you agree you will not alter or change the content or original intent of Recovery in Christ's outreach to the 12 Step community. Christ centered recovery must be available to all.

However, at the level of **Social Media (Facebook, etc.)**, we request you **do not** use our name or logo. Instead we welcome you to Like our page and join our group discussion where you can stay in touch with your members, list your meetings, post updates and encouragement.
